3.0 Approval of Minutes

Chairman Richardson presented a draft of the March 9, 2010 minutes and asked for any additions or deletions. Mr. Thomas moved to approve the minutes. Mr. Fletcher seconded the motion. The motion carried unanimously.

4.0 Professional Societies and Guests

- None present.

5.0 Executive Director's Report

- Nothing to report.

6.0 Old Business

6.1 Board Rule 180-4-.02

Mr. Chastain moved that the formulation and adoption of Board Rule 180-4-.02 does not impose excessive regulatory cost on any licensee and any cost to comply with the proposed rule cannot be reduced by a less expensive alternative that fully accomplishes the objectives of O.C.G.A. §§ 43-15-4(a) (Adoption of rules and regulations), O.C.G.A. § 43-15-6(a) (General Powers of the Board), O.C.G.A. § 43-15-8 (Engineer-in-training certificate; eligibility), O.C.G.A. § 43-15-9 (Professional engineer certificate of registration; eligibility), O.C.G.A. § 43-15-10 (Evaluation of engineering experience), O.C.G.A. § 43-15-11 (Professional Engineers exam), O.C.G.A. § 43-15-12 (Land Surveyor-In-Training Certificate; eligibility), O.C.G.A. § 43-15-13 (Land Surveyor Certification of Registration; eligibility), and O.C.G.A. § 43-15-15 (Applications for certificates) to adopt or implement differing actions for businesses as listed in O.C.G.A. § 50-13-4(a)(3)(A), (B), (C) and (D). The formulation and adoption of these rules will impact every licensee in the same manner and each licensee is independently licensed in the fields of engineering and land surveying. Mr. Butler seconded. Motion carried.

180-4-.02 Experience. Amended.

In evaluating experience offered by an applicant to qualify under OCGA §§43-15-12 or 43-15-13, the Board will consider the following factors:

(a) Prior Education. The applicant's prior education at the time the experience was acquired will be considered.

(b) Kind of Experience.

1. The experience should involve the special knowledge of the mathematical and physical sciences including those of the land surveying profession. It should also involve the preparation and interpretation of maps, plats and other related data, as used in the land surveying profession.

2. For applicants applying under OCGA §43-15-12(1)(B) and OCGA § 43-15-13(2), a maximum of one year of experience equivalent may be granted for successful completion of undergraduate or graduate studies in a curriculum of land surveying, geomatics, civil engineering, civil engineering technology, or law, provided that any such education record to be applied as experience equivalent is in addition to the education used to meet the education requirement for OCGA §§ 43-15-12(1)(B) or 43-15-13(2).

3. The additional specific record of not less than four years as required by OCGA § 43-15-13(2)(B) and OCGA §43-15-13(3)(B) shall commence no sooner than the date that the applicant successfully took and passed the Land Surveyor in Training examination.

(c) Quality of Experience.

1. The quality of experience should demonstrate that the applicant has developed technical skills and initiative in the correct application of land surveying. The experience should also demonstrate sound judgment in the application of principles and in review of such applications of principles by others. It should also indicate the capacity to assume responsibility for work of a highly technical character.

2. Experience credit will not be granted if the experience is determined by the Board to be the unlicensed practice of land surveying.

3. For experience evaluated in regards to OCGA §43-15-13, “responsible charge” shall consist of working independently in a leadership and/or decision making role where the applicant is directly responsible for progress of land surveying projects, provided however that all such experience shall be under the direct supervisory control on a daily basis by a registered land surveyor as required by OCGA §43-15-22. Work in responsible charge reflects the applicant’s ability to take land surveying projects from beginning to finished product and shall demonstrate the ability to competently complete all research prior to field work, competently perform a compliant field traverse that adequately identifies all applicable field evidence and elements of possession, properly analyze all field work through thorough calculations and evaluation, and prepare maps and plats that adequately depict all required elements of such maps and plats.

(d) Scope. The experience should demonstrate sufficient breadth and scope within the basic land surveying field rather than highly specialized technical skill in a very narrow and limited branch of that field.

(e) Progression. The record of work experience should indicate successive and continued progress from initial work of simple character to recent work of greater complexity, difficulty and responsibility.

(f) Capacity and Viewpoint. The record of experience should indicate that the applicant has attained those attributes of clear thinking and keen analysis essential to competence. Authority Ga. Code 84-21; OCGA §§ 43-15-4, 43-15-15(e).

6.2 Board Rule 180-12-.02

There was a discussion concerning Sealing of Documents. Ms. Baker had some concerns on the wording of the changes that were made. The Board made a recommendation to postpone voting to post the amended rule.

7.0 New Business

7.1 Board Rule 180-2-.04

Mr. Fletcher moved that the formulation and adoption of Board Rule 180-2-.04 does not impose excessive regulatory cost on any licensee and any cost to comply with the proposed rule cannot be reduced by a less expensive alternative that fully accomplishes the objectives of O.C.G.A. §§ 43-15-4(a) (Adoption of rules and regulations), O.C.G.A. § 43-15-6(a) (General Powers of the Board), O.C.G.A. § 43-15-8 (Engineer-in-training certificate; eligibility), O.C.G.A. § 43-15-9 (Professional engineer certificate of registration; eligibility), O.C.G.A. § 43-15-10 (Evaluation of engineering experience), O.C.G.A § 43-15-11 (Professional

Engineers exam), O.C.G.A. § 43-15-12 (Land Surveyor-In-Training Certificate; eligibility), O.C.G. A. § 43-15-13 (Land Surveyor Certification of Registration; eligibility), and O.C.G.A. § 43-15-15 (Applications for certificates) to adopt or implement differing actions for businesses as listed in O.C.G.A. § 50-13-4(a)(3)(A), (B), (C) and (D). The formulation and adoption of these rules will impact every licensee in the same manner and each licensee is independently licensed in the fields of engineering and land surveying. Mr. Richards seconded. Motion carried.

180-2-.04 Examinations, General

(1) Examinations will be held at such times and places as the Board directs. The Board shall determine the passing grade on examinations. All examinations shall be approved by the entire Board.

(2) With exception of a locally prepared examination on hydrology and the legal aspects of land surveying in Georgia, all examinations will be in accordance with the National Council of Examiners for Engineering and Surveying (NCEES).

(3) Written examinations may be taken only after the applicant has met the other minimum requirements as set forth in O.C.G.A. 43-15-8 and 43-15-9 and has been approved by the Board for admission to the examination as follows:

(a) Fundamentals of Engineering. Consists of an ~~eight-hour~~ examination on the fundamentals of engineering approved by the Board. Passing this examination qualifies the examinee for an engineer-in-training certificate, provided he has met all other requirements for certification by this Chapter.

(b) Principles and Practice of Engineering. Consists of an ~~eight-hour~~ examination on applied engineering approved by the Board. Passing this examination qualifies the examinee for registration as a professional engineer, provided he has met the other requirements for registration required by this Chapter.

(c) Fundamentals of Land Surveying. Consists of an ~~eight-hour~~ examination on the elementary disciplines of land surveying approved by the Board. Passing this examination qualifies the examinee for a land surveyor-in-training certificate provided he has met all other requirements for certification of this Chapter.

(d) Principles and Practice of Land Surveying and the Laws of Georgia. The examination is administered in three parts. One part (the national land surveying examination) tests the applicant's understanding of the theory and practice and land surveying. A second part focuses on the application of hydrology to land surveying. The third part tests the applicant's knowledge of the law of Georgia as it applies to land surveying. An applicant must obtain a passing score in each of the three parts in order to pass the examination.

(4) After administration of an examination, the contents of the examination will be treated as confidential and will not be disclosed, except in such circumstances and under such conditions as may be approved by the Board. No reuse, copying or reproduction in any manner of any portion of the examination materials is permitted without the Board's permission.

(5) The Board will not conduct with examinees reviews of any portion of any examination. Further, the Board will not permit an examination to be re-scored.

Authority O.C.G.A. Secs. 43-15-8, 43-15-12, 43-15-13.

7.2 Request for Documents

Bradford Raffensperger PE014708 is requesting that Letters of Reference be sent to the Iowa State Board in order to be licensed there. Mr. Dean made a motion to approve the request. Mr. Evans seconded the motion. The motion carried unanimously.

7.3 Open Records Request

The Board received an Open Records Request for Traci Campbell, PE. They have asked for applications for licensure, recommendations, correspondence between the engineer and the Board, any microfiche licensure files, all disciplinary actions, and any special certifications. Mr. Dean made a motion to deny the request. Mr. Richards seconded the motion. The motion carried unanimously.

7.4 Discussion of Southern/Northern Zones Meeting April 8-10, 2010

Mr. Dean provided a written report of key topics at the meeting. General discussion followed.

7.5 Erosion and Sediment Ordinance

Ms. Baker advised that EPD does not permit unlicensed practice but they are not going to police it. General discussion followed.

8.0 Executive Session

At 11:25 am, Mr. Chastain made a motion to enter into Executive Session in accordance with O.C.G.A. 43-1-2(k) and 43-1-19(h) to deliberate on applications and investigative matters and to receive an investigative report. Mr. Thomas seconded the motion. Voting in favor of the motion were those members present who included Board Members Chairman Richardson, Chastain, Dean, Butler, Thomas, Bennett, Fletcher, Evans, and Richards.
